## Dental Clinic at Gem Pons

Banyoles, Girona

The dental clinic interior design purpose was to create a welcoming, relaxing and warm atmosphere unlike typical, cold dental clinic interiors; the design needed to be functional, but away from traditional formal approaches. The balance of the color is reinforced with a highly integrated lighting design and a simple choice of colors like gray and white, integrated on the ceilings. The furniture is raised suspended on the wall to give the feeling of lightness, with indirect lighting that accentuates the feeling of weightless.

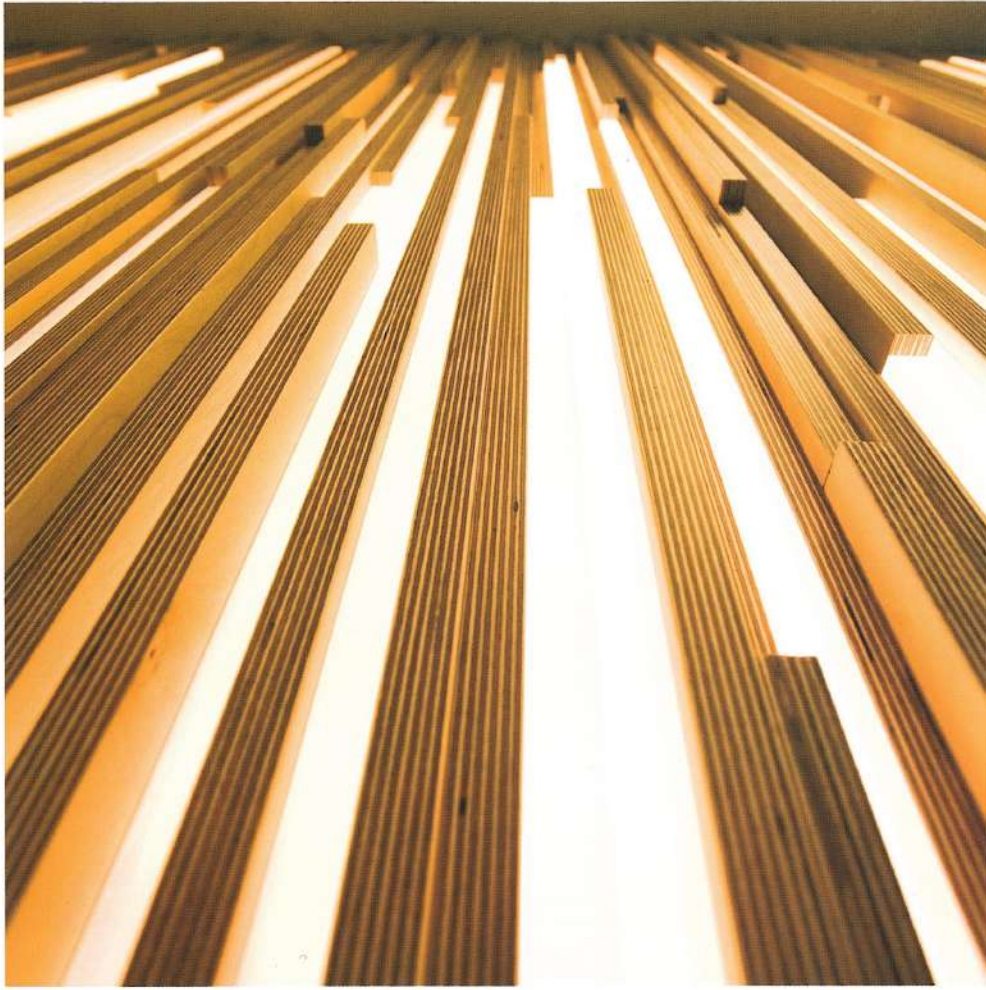

**PROJECT FACTS**

Address: Pare Claret 44, 17820 Banyoles, Girona, Spain. Completion: 2010. Gross floor area: 150 m<sup>2</sup> / 1,615 ft<sup>2</sup>. Medical practice: Dentistry.
